

Starting a subscription

Managed Service Provider (MSP) administrators and admin users with **sufficient permissions** can start subscriptions from workspaces in "Inactive", "Trial", or "New" state.

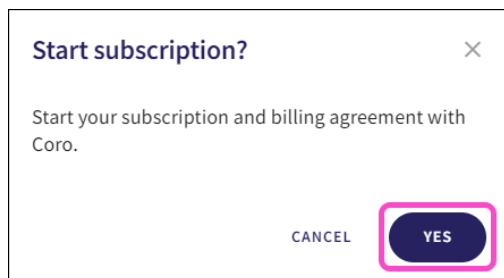

To start a workspace subscription:

1. Select the 3-dot menu adjacent to the specific workspace.

2. Select **Start Subscription**.

The **Start subscription** confirmation dialog appears.

3. Select **YES**.

The workspace subscription is started. A confirmation message appears:

The **Status** column displays "Subscription":
